## *A STATEMENT*
## OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

# INTRODUCTION

R. L. POLK & CO., publishers of the Chico and Oroville City Directories, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this, the 1955 edition of the Chico and Oroville Directory, which also includes a Directory of the rural free delivery box holders on routes which are pivotal from the Chico and Oroville Post Offices.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Chico, Oroville and vicinity to the world.

The enviable place occupied by R. L. POLK & CO.'S Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Oroville Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 21 to 345, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Chico and vicinity, and the name, official personnel, nature and address of each firm and corporation. A similar list for Oroville is included in pages 485 to 638.

THE CHICO DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 349 to 462, on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers as supplied to us on canvass are shown opposite the name. A similar section for Oroville appears in pages 641 to 685.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 56, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Chico and Oroville. The advertise-

ments are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. In ambitious and progressive communities like Chico and Oroville the necessity of having this kind of information immediately available is obvious. General appreciation of this fact s evidenced by the many reference users of this City Directory service.

THE RURAL ROUTE DIRECTORY, pages 465 to 478, on white paper, includes the box holders on the rural routes served by the Chico Post Office. A similar list for Oroville is found on pages 689 to 714.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 773 to 847, on canary paper. This department lists the various manufacturing, mercantile and professional interests of Chico and Oroville in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays no small part in the daily activities of the commercial and professional world. More goods are bought and sold through the Classified Business Directory than through any other medium.

THE NUMERICAL TELEPHONE DIRECTORY for Chico and Oroville appears opposite page 849, on blue paper.

### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico, Oroville and vicinity, for business men, everywhere, realize that the City Directory represents a community as it really is.

### The Chico Directory Library

Through the courtesy of the publishers af the Chico and Oroville Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of the more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Chico is located in Sacramento Valley, 100 miles north of Sacramento; 176 miles north of San Francisco on scenic U. S Highway 99E. Entrance to Lassen National Park, via Deer Creek Highway. Founded in 1849 by General John Bidwell, California pioneer, congressman and candidate for president in 1892 when he purchased the entire Rancho Chico.

Growth has been rapid, exceeding the average increase of the State in the last decade. Chico is center of rich agricultural district. Annual yield for all crops for 1954 exceeded $60,000,000. According to Sales Management 1953 Survey Chico's purchasing power is 67% above that of an average community. The figures show that the average Chico family has an average net income of $5,183.00. This income, which totaled better than $21,000,000.00 in Chico was translated in purchases $34,624,000 in the local retail stores. The excess of sales over income shows that Chico is the trading center for a large surrounding area.

Chico is rapidly becoming industrialized due to the excellent industrial sites available and easy access to 2 railroads, freight lines. The Chico Municipal Airport is the largest single industrial center north of Sacramento to Portland.

With an average mean winter temperature of 45 to 50 degrees and an average mean summer temperature of 70 to 75 degrees, Chico has one of the finest climates in California. The cool nights in summer and the relatively low

humidity makes sleeping in the open air a joy the year round. During the warmer weather of July and August, a few minutes' ride into the mountains will bring you to cool camp sites among the pines and excellent trout fishing. Forty-five minutes' driving will take you to the summit and the snow line.

Water supply from deep wells; given highest rating by California State Board of Health.

Business district all paved; paved area in residence districts.

Rainfall averages 24 inches annually.

Altitude 210 feet; low humidity.

Two banks with combined deposits of over 35 million dollars.

Five excellent public camp grounds for tourists.

Retail and wholesale trade center for California territory north of Sacramento. Thirty-four cities and communities within a 50-mile radius of Chico.

Chico is becoming industrialized rapidly due to the excellent industrial sites available. For example, the Chico Municipal Airport is now the largest single industrial center north of Sacramento to Portland. The Diamond Match Company, Pacific Coast Division, has its headquarters here producing over 25 billion matches annually as well as various lumber products. Victor Metals, the only firm on the West Coast making shaving cream and lubricating tubes is located here. Other representative manufacturers engage in the production of aviation materials, air coolers, pipe and concrete products, cement, sand and gravel, and woodworking products.

Big almond, apple, apricot, orange, walnut, and rice growing center. Value of these crops over $16,000,000. There are 40,626 acres in Butte County planted to rice, producing over $11,000,000 yearly.

Southern gateway to Lassen Volcanic National Park and Northern California mountain resorts, via Deer Creek Highway.

Federal Post Office building erected at cost of $100,000 in 1915. Post Office has rank of first-class office.

Modern, paid fire department, completely motorized.

Eleven grammar school buildings; excellent school system.

$800,000 high school with largest campus in California, 55 acres, developing Junior College of Agriculture.

California State College drawing students from all parts of Northern California. Training School in connection with College.

Chico is the largest city in North Central California because of its geographical location in the center of 33 cities and communities surrounding it within a radius of 50 miles.

For further information regarding the Chico District, address or inquire at the office of the Chico Chamber of Commerce, 513 Main Street, Chico.

# Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500

CONSULTATIONS OR CIRCULATION CONSULTED

## Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

## 1955

Copyright, 1955, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants, but were unsuccessful. First, two personals calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

**ADVERTISING JUDICIOUSLY**

CREATES a New Business
REVIVES a Dull Business
ENLARGES an Old Business
RESCUES a Lost Business
PRESERVES a Large Business
SECURES Success in Any Business
SAVES a Failing Business
ENABLES You to Pay Your Taxes

## Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500

## FABULOUS FEATHER RIVER REGION

### Statistical Review

### (Courtesy Chamber of Commerce)

Form of Government—Chartered City with Mayor and 6 Councilmen.

Population—Corporate limits 6,000—within 2½ mile radius from center of the city 19,154 (1950 Census). Trade area 30,000.

Altitude—175 feet above sea level.

Climate—Mean annual temperature 61.5 degrees F.

Average Annual Rainfall—27.52 inches.

Assessed Valuation—$10,019,520.

Banks—Bank of America, N.T.&S.A.; First National (local).

Tax Rate—$1.55.

Telephones in Service—5,000 (1954).

Post Office Receipts—$141,867.29 (1952).

Churches, Organizations—36 churches of various denominations. Organizations and clubs — fraternal, veterans, social, welfare, community, improvement, civic, labor, etc.

Hotels—Five with accommodations for 250. 30 motels and trailer courts.

Libraries—City and County.

Newspapers—Two. Oroville Mercury-Register (daily); Oroville Press (weekly).

Radio Station—KMOR.

Education—4 elementary schools and Union High School.

Industries—Lumbering, wood processing, wholesale and retail trade, slaughter house and meat packers, olive processing, olive packing, olive oil plants, Olive Growers' Co-operative plants, dairies, poultry, canneries, Western Pacific Railroad shops, mining, rock crushing plants, fruit packing, Citrus Growers' Association.

Public Utilities—Pacific Gas and Electric Company supplies natural gas and electricity, California Water Service, domestic water, Pacific Telephone and Telegraph Company 5,000 installations; Oroville-Wyandotte Irrigation District, Thermalito Irrigation District deliver both irrigation and domestic water from the mountain sources of the Feather River and its branches to serve 7,200 acres tributary to Oroville.

Sewage Disposal—Area within the corporated limits and the district south of the city are served by sanitary sewer in conjunction with disposal plants.

Mosquito Control — Abatement District supported by county taxation.

Industrial sites and factories strategically located are available for both small and large industries. There is a stable supply of skilled and unskilled labor, many of whom are property owners living in the city or on small suburban acreages. (The Poultry Industry is now established on a firm basis and expanding rapidly). Unlimited opportunities exist in the Oroville area for further development.

Transportation—The Feather River Highway US No. 40A, the only all year snow-free route across the mountains of Northern California. Western Pacific Railroad, main line; Southern Pacific Railroad, branch line; Sacramento Northern Railroad, branch line; Gibson Bus Lines; Pacific Greyhound Lines, transcontinental service; Oroville Transit Lines; Oroville lateral of U. S. Highway 99E. 1,368.04 miles of county roads.

## OROVILLE DISTRICT

The City of Oroville, county seat of Butte County, is the western gateway to the all-year Feather River Highway U. S. 40 Alternate and fabulous Feather River recreational region.

Location—472 highway miles north of Los Angeles, 157 highway miles northeast of San Francisco, 81 highway miles north of Sacramento, 153 highway miles northwest of Reno.

Topography, climate, rainfall—On the floor of the east edge of the central Sacramento Valley. Bounded on the east by the foothills of the Sierra Nevada and on the north and west by the Feather River. Valley is flat-rolling agricultural land. Climate is semi-tropical. Summer is tempered by downdraft breezes from mountain passes. Mean annual temperature 61.5° F. Average annual rainfall 27.52 inches. Air currents flowing down the Feather River canyon dispel fog. Altitude 175 feet.

Agriculture—Practically all major foods are grown in this district. Oroville is noted for producing the earliest navel oranges and processing more olives in this area than in any other region in the U. S. Other products are lemons, peaches, figs, prunes, melons, almonds, walnuts, apples, pears, berries, numerous small fruits, rice, wheat, barley, beans, peas and forage crops. U. S. government records show an average of 256 growing days per year.

Stock raising, dairying, poultry—Extensive cattle and sheep raising in the mountains east and north of Oroville. Large dairy herds and hogs in the lower valley areas west. Poultry and turkey raising in general throughout the district.

Industries—Lumbering, wood processing, wholesale and retail trade, slaughter house and meat packers, olive processing, olive packing, olive oil plants, olive growers' Co-operative plants, dairies, poultry, canneries, Western Pacific railroad shops, mining, rock crushing plants, fruit packing, Citrus Growers' Association.

Medical Service—13 physicians, 10 dentists, 3 optometrist, 1 oculist, 6 chiropractors, 2 osteopaths, 3 veterinarians, 2 hospitals (Butte County Hospital and Oroville-Curran Hospitals); 3 rest homes, 1 clinic.

Recreation—Municipal Auditorium, located in the center of the business district and available for all types of recreational functions. Two theatres, air-conditioned; 1 drive-in theatre. 3 municipal parks—the most extensive "Bedrock" along the Feather River with life guard service and bath houses. Bidwell Bar State Park, 9 miles from Oroville, picnic grounds, swimming. 4 athletic fields, night baseball games during the summer, municipal tennis courts, city recreation director, municipal Scout building. Oroville has one of the finest smooth water motor-boat courses in Northern California. 600 miles of trout fishing streams empty into the Feather River, forming the North and West boundaries of Oroville. Feather Falls — with its drop of 640 feet, second highest falls in the state, within 20 miles of Oroville.

### Water Resources

The greatest undeveloped source of water remaining in the Central Valleys is the Feather River. The 1951 California State Legislature has authorized construction of the Oroville Dam at an estimated cost of $450,000,000 as the key unit of the California Water Plan. However, the U. S. Bureau of Reclamation is continuing its study of all phases of the project and will submit a report. This multiple-purpose dam at the Oroville site will: Provide a full irrigation water supply for ultimate development of all the irrigable agricultural land of Butte County and the Feather River service area; provide large quantities of water in excess of the ultimate requirements of the Sacramento Valley for export to many other water deficient areas; provide flood control; provide a large hydro-electric power plant for the generation of low cost power for pumping plants for municipal and industrial use; provide recreational facilities on the Feather River below the dam for the protection and propagation of fish life; a large lake near Oroville for fishing, sailing, motor boating and swimming.

---

## FOR THE FUTURE — HUGE DEVELOPMENT PROJECTS ON FEATHER PROMISE GREAT ACTIVITY

### State Studies on Big Dam Now Are Near Completion

Oroville and the Feather River occupy the center of the stage in the west's interest in water and power as the result of a number of plans that have been drawn up. These have progressed to various stages of development.

### Oroville Dam

The biggest single project — construction of Oroville Dam at an estimated cost of $450,000,000 has been authorized as a State of California enterprise. The state engineer's office has expended over $2,000,000 appropriated by the legislature and has completed studies of the Dam and appurtenant installations as the central feature of a vast plan that ultimately would provide water for transportation to San Diego County 527 miles, including a trans-Tehachapi lift. The state engineer has submitted the report to 1955 legislature for action.

$200,000 for topographical maps for conduit routes and field surveys; $200,000 for preparation of plans, designs, and cost estimates; $175,000 for negotiation of contracts with persons whose property would be affected by the project; $125,000 for negotiation of contracts for water delivery and disposal of electric power and $50,000 to prepare and print a report on the project.

Plans for state construction of the dam have progressed so rapidly that the U. S. Bureau of Reclamation has withdrawn from the stream, and has made its data, compiled through years of study and exploration, available to the state. The Bureau also has made a formal statement to the effect that it will make necessary sites on government lands available to the state.

The proposed multiple-purpose dam at the Oroville site would provide power, water for irrigation, and flood control. Wonderful recreational opportunities would be an attractive by-product.

### Oroville-Wyandotte

Even farther advanced than the "big dam" is a locally projected development by the Oroville Wyandotte Irrigation District on the South Fork of the Feather. This project to cost about $30,000,000 has received a federal license calling for construction to be completed within five years. Two power plants would be constructed, together with storage, and enough water captured to irrigate many thousands of acres adjacent to Oroville. Financing will be through revenue bonds, with the power, sold to a public utility, providing the money.

### Pacific Gas & Electric Co.

The Pacific Gas & Electric Company, already operating 5 power houses on the Feather River, has received approval for federal licenses to construct 4 more generating plants. This work, a vital part of the utility's big development program, will cause many millions of dollars to be spent in the area just up the river from Oroville, and will make the waters of the North Fork of the Feather unusually productive in hydro-electric power. Some of the waters of the stream will go through as many as 7 powerhouses before reaching the floor of the valley, with work already started on the first unit at the Poe site.

### Statistical Data on Oroville Dam and Feather River Project

#### Major Units

**Oroville Dam and Reservoir**

Height of Dam above stream bed, 710 feet
Capacity of Reservoir, 3,500,000 acre feet
Crest of Dam, 5,700 feet long
Volume of concrete in Dam, 13,800,000 cubic feet
Flooded area in Reservoir, 15,450 acres
Length of shore line, 150 miles

**Power Plant**

Installed capacity, 440,000 kilowatts
Maximum head, 703 feet
Design head, 558 feet
Average annual output (including afterbay plant), 1,750,000,000 k.w.h.

#### WHAT THE PROJECT WILL DO

1. Provide a firm water supply 970,000 acre feet annually for 322,000 acres of irrigable land in the Feather River service area.
2. Reduce flood flows from a maximum of 230,000 second feet to 50,000 to 100,000 second feet, giving flood protection to land valued at $340,000,000.
3. Produce a billion and three-quarters of kilowatt hours of electrical energy.
4. Provide water for a constant diversion of 3,930 second feet at the Sacramento-San Joaquin Delta. This equals 2,845,00 acre feet annually.
5. Supply 127,000 acre feet of water annually to Santa Clara and Alameda counties.
6. Supply 945,000 acre feet annually to the west side of the San Joaquin Valley-Fresno, Kings and Kern counties.
7. Supply 1,773,000 acre feet annually to areas in Southern California extending as far south as San Diego county.

WHY A *Buyers' Guide?*

★ It is customary to include a Buyers' Guide in the City Directory because:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

## Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

## 1955

Copyright, 1955, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants, but were unsuccessful. First, two personals calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

## CITY DIRECTORY

*You Can Be Assured That It Means . . .*

1st — Every effort has been made to obtain accurate information.

2nd — The information therein is the latest obtainable.

3rd — The advertising department is an excellent representation of the best commercial life of the city.

4th — It is the most complete catalogue of the city published.

## Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500

CONSULTATIONS OR CIRCULATION CONSULTED

This is a part of our service to local City Directory users.

## WHY A *Buyers' Guide?*

★ It is customary to include a Buyers' Guide in the City Directory because:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

☆

**The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.**

# "Miss Jones, Type 2,500 Personal Letters ...and Get 'em Out Today!"

Do you want *real response* from your customers and prospects? *A personally-typewritten letter gets the highest results!*

But you don't have the time, or facilities? And you can't afford the expense of hiring 30 typists? R. L. Polk & Co.'s Automatic Typewriter Division has the answer for you!

The world's largest battery of automatic typewriters—typing completely personalized letters, each individually pen-signed—can produce 500 or 15,000 typewritten letters for you, READY TO MAIL—in a matter of hours. *And the cost is a fraction of what it would cost you to do it yourself.*

Simply send along your list, your letterheads and envelopes, your instructions. Or, ask for complete information from:

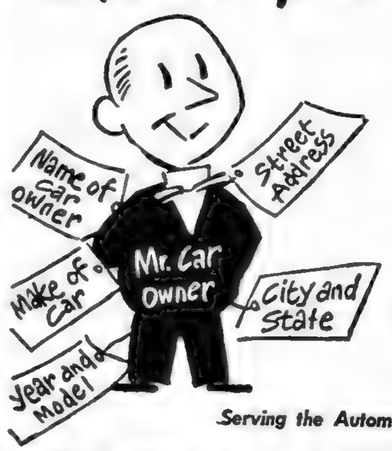
# ...About Your Car Owner Lists



Whatever information an auto owner puts on his license application appears on the new Polk official car owner registration list, now available to you. Every name on a Polk car owner list is "cleaned" ahead of time. Only names of persons to whom mail can be delivered are compiled for you. Polk Car Owner Lists are not "loaded" with extra names that would waste your time and money in sending out mail, or in making personal calls.

*Success or failure of any direct mail advertising program depends on your keeping that list up to date.*

*Serving the Automotive Industry and Its Dealers Since 1923*

# *A STATEMENT*
# OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
